

Lunch & Learn

Cybersecurity – The Game

A GAMIFICATION PERSPECTIVE ON CYBERSECURITY

In this 45-minute lunch and learn session cybersecurity comes alive! Dive into the digital underworld through engaging quizzes and dynamic group discussions. Along the way, you'll unlock your unique gamer profile while getting inside the minds of cybercriminals – understanding what drives them and their tactics of attack.

Experience cybersecurity awareness like never before in this gamified workshop that makes learning both fun and memorable. Team up with your colleagues for an adventure that turns complex security concepts into an exciting collaborative challenge! The importance of awareness on this topic is raised in a fun and engaging way.

KEY LEARNING POINTS

- Discover your gamer profile
- Experience cybersecurity awareness
- Learn to recognize different types of attacks

THE LUNCH & LEARN EXPERIENCE

An interactive 45-minute workshop held at your company, with pure content and fun. Through quiz and discussions, you'll gain basic knowledge on concepts related to cybersecurity. You'll leave with a better understanding of the complex world of cybersecurity.

YOUR TRAINER

Anne Wanielista

Intel & Foresight Consultant

Anne is a Project & Change Manager. She held positions in different sectors (energy, pharma, logistics, diamond, private security) and never stopped studying in both civilian and military spheres. Coming from the physical security world, she made inroads into cybersecurity a couple of years ago. As a hobby, she is a krav maga instructor and happily shares knowledge about defense, would it be for an organization or for an individual.
